Never Forget

*Performed 9/11/06, Washington D.C.
and Dedicated to John Sferazo/Unsung Heroes Helping Heroes*

Welcome to my world
Welcome to my mornings after
Will you walk along with me
Will you walk along with me

Welcome to my fears
Climb inside behind these tears
Will you walk along with me
Will you walk along with me

You said you'd never forget
You swore you'd always remember
You said you'd never forget You swore you'd always remember

Five years gone
Still looking at a hole in the ground
If I could only breathe
Man If I could only breathe

It's like the world moved on
And we're still layin' heroes down
Are you gonna walk with me
Hey buddy, are you gonna walk with me

You said you'd never forget
You swore you'd always remember
You said you'd never forget You swore you'd always remember

You said you'd never forget
You swore you'd always remember
You said you'd never forget You swore you'd always remember
