

**Glad that I don't live near Rocky Flats
Down in the Colorado hills
Ain't no warning signs near Rocky Flats
Talkin' bout that nuclear fill**

**Once there was a Weapons Plant on Rocky Flats,
Now there's deadly HazMat
Plutonium, Dioxin, Tritium , Beryllium
And we're all still exposed to that**

**Rocky Flats, you'll always be
Nuclear Debris.
Poor ole Rocky Flats,
Rocky Flats Nuclear Debris, Rocky Flats Nuclear Debris**

**Grand Jury convened to investigate Rocky Flats
and once the story hit the headlines
The Justice Department tried to kill the messenger
and bury these environmental crimes**

**Now I won't hike or bike or breathe near Rocky Flats
where the dirt's too dangerous to farm
That's why I'm warning all the folks near Rocky Flats
Do not underestimate the harm**

**Rocky Flats, you'll always be
Nuclear Debris
Poor ole Rocky Flats
Rocky Flats Nuclear Debris, Rocky Flats Nuclear Debris
Rocky Flats Nuclear Debris, Rocky Flats Nuclear Debris**
